The Town of Springfield received \$450,000 from the State of Vermont for a grant under the Vermont Community Development Program (VCDP). In fulfillment of a requirement for the receipt of these funds a public hearing will be held via Zoom on Monday, June 14, 2021 at 7:00 PM. The purpose of this hearing is to obtain the views of citizens on community development, to furnish information concerning the range of community development activities that have been undertaken under this program, and to give affected citizens the opportunity to examine a statement of the use of these funds. The VCDP Funds received have been used to accomplish the following activities:

The Woolson Block, previously a vacant historic mixed-use building, now features 3,400 sq. ft. of new commercial space with 2,000 sq. ft. of optional space; fifteen means-tested rental apartments; and four youth transitional housing apartments with a residential manager. A fully accessible entrance and an elevator were also installed. The historic façade has been preserved and the interior space has incorporated the original windows and high ceilings in a contemporary design.
